

How to say hi to kids in my class!

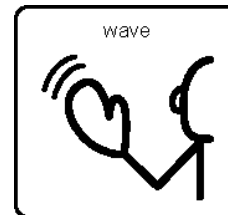

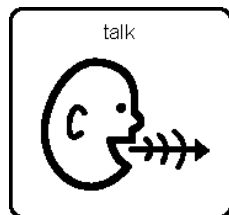

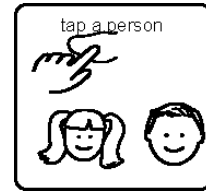

When I come to school I will try my best to wave or say hi to the kids and adults in my classroom. When I say hi I can wave or use my words! I can say hi and than the person's name.

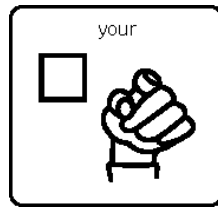

Sometimes it is hard to say hello to friends but I will try my best to look at my friend's face and wave or say hi.

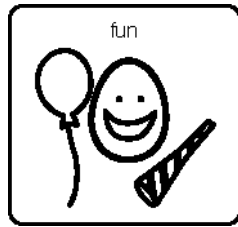

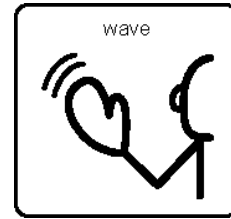

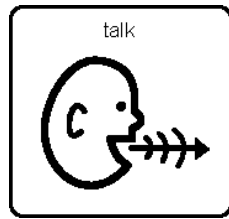

**I might want to say hi to a friend that is not looking at me so
I will try to remember to tap them on the shoulder or say
their name before saying hello.**

When I say hello to a new friend I will try and remember to ask them their name. I will say what is your name? I can also tell my new friend my name. I can say, "My name is___."

Once I know a friend's name I can say hello and the friends name. Saying hi to friends is fun! People like me when I say hello.

Most of the time my friends will say hi or wave to me when they see me. I can try to say hi and wave back when this happens. Everyone says hi to friends when they see them.
